

HOW TO BORROW KINDLE BOOKS FROM THE LIBRARY!

To start, navigate to the live-brary website. You can find the link by going to the library's homepage, going to the digital resources tab, and selecting eBooks & more. The link to live-brary's homepage will be on that page.

If you're not sure what to borrow

- The Live-Brary home page has lists of titles under the **Collections** drop down menu on their homepage. You're able to browse by **Subjects** as well.
- Some of their collections include **New eBook Additions**, **New Audiobook Additions** and **Now Available! Popular eBooks You May Have Missed**.

Once you've picked a title

- Once you find the title that you want to borrow, tap **Borrow**. If there are no copies currently available, tap **Place Hold**. If you place a **hold** on a title, the Libby app can notify you when the title is available for borrowing by managing your notifications.

Once you've tapped borrow on the title you want

- You then return to your **shelf** and the title will appear under your **loans**
- Next to the title, you'll select **Read With...** to pick the device where you want the title to be downloaded
- If you plan on reading on your phone or tablet select **Libby**, and you will be able to read your title in the Libby app
- If you plan on reading on your Kindle select **Kindle**, and you will be prompted to sign into Amazon. Once in Amazon, you'll select "**Get Library Book**", and then the book will be downloaded to the Kindle linked to your amazon account.
- If you have more than one Kindle to choose from, you can choose the specific device in the "**Deliver To**" drop down menu
- *Note: Your kindle must be connected to Wi-Fi to download library Kindle Books from Amazon*

Reading your eBook

- Once a book is downloaded to your Kindle or reading app, you can open it from your device's or app's home screen and read it just like any other Kindle book.
- If you want to read the eBook on a different Kindle device or app, you can deliver it again from Amazon's website during the lending period.
- If you want to return your eBook before the loan expires and it returns automatically
 - Go to amazon.com/manageyourkindle and sign in
 - Click on **actions** and then **Return this book**
